STRATEGIC REPORT FOR THE YEAR ENDED 31ST DECEMBER 2024

The Directors have pleasure in presenting their strategic report, Directors' report and the audited financial statements for the year ended 31st December 2024.

PRINCIPAL ACTIVITY

The Company provides shared services to its subsidiaries, including Finance, HR and IT functions and manages the treasury requirements of the UK Companies.

The Vitacress Group's main operations are conducted through four subsidiaries of the Company:

Vitacress Salads (watercress and leafy salads in the UK),

Vitacress Portugal (watercress, baby leaf salads and other packaged fresh produce in Portugal and Spain, plus bulk leaf supply to the UK),

Vitacress Herbs (fresh herbs in the UK).

Vitacress Real (fresh herbs in Benelux and Germany).

Vitacress also owns a 51% stake in a baby leaf salads grower in Spain (Vitacress Espana).

REVIEW OF THE BUSINESS

The Company continued to be profitable in year 31st December (with a profit before tax of £2,004,253,247). The overall financial results for the year were consistent with management expectations.

Results and movements in equity

The income statement for the year is set out on page 9. The profit after tax amounted to £1,861,433 (2023: £1,134,550). The movements in equity are set out on page 11.

Future developments

The Company will continue to invest in capital and innovation, while focusing on quality, service and efficiency, with an overarching commitment to health and safety.

Stakeholders

The Board of Directors, in line with their duties under s172 of the Companies Act 2006, recognises that the long-term sustainable success of the Company is dependent on the way it interacts with a large number of stakeholders.

The Company recognises that operating responsibly is a critical foundation to fostering our vision; to provide the freshest, tastiest, healthiest and most exciting produce throughout the year. This foundation is created through our shared values:

* Always deliver quality - We take pride in ensuring our product is of the best possible standard.

* Do the right thing - From the way we grow our product to the relationships we sustain with clients; everyone knows exactly what is going on. At the centre of everything is a trust that has been built over the years of excellent service.

* Nurture the future - We are focussed on always improving our offer and ourselves, leading the way forward.

Our responsibilities extend to our customers, colleagues, suppliers, the local community and the environment around us. We engage with our stakeholders in a variety of ways, including:

Our customers

- Working together to develop fresh, healthy and innovative product ranges to drive consumer demand.

- Supporting customer reviews and site visits conducted in open and transparent way through our customer focused technical and commercial teams.

Our colleagues

- The Company is committed to supporting our people, establishing and developing practices that attract and retain our workforce.

- The Company continues to implement programmes that support skills development and career progression through apprenticeship schemes, leadership programmes and professional development courses.

- Company forums on each site and an intranet.

Our suppliers

- The Company is committed to the protection of individual rights, and we make sure our suppliers share our core principles through the membership of key ethical platforms and professional bodies.

- Collaborating with our suppliers to promote innovation, ethical trading, sustainability, health & safety and the protection of human rights.

- We conduct regular visits of suppliers to ensure standards are achieved across our supply chain.

Our communities

- The Company supports employee volunteering schemes that give back to local charities and good causes.

- Employees raise money to help provide for community groups and charities.

Our environment

- The Company conducts business ethically, sustainably, safely, and socially. It cares about the environment and people - working hard every day to minimise their environmental footprint, meet their obligations to Human Rights, educate and develop their employees and engage with local communities.

**STRATEGIC REPORT
FOR THE YEAR ENDED 31ST DECEMBER 2024**

Risk management objectives and policies

Operating risks

Vitacress operates in a challenging economic climate, in which inflationary pressure on costs must be balanced against the price expectations of our customers and competition within the market. The nature of the business, being management support to our subsidiary companies. Accordingly, the Directors assess the key risks to the business as:

- Foreign currency rate fluctuations
- Interest rate increases

The Directors are addressing these risks by:

- Hedging foreign currency exposures;
- Investment in training programmes and Health & Safety systems to develop safer working practices and track risks.

Financial risks

The Company's operations expose it to a variety of financial risks that include credit risk, liquidity risk and market risk (specifically, interest rate risk and exchange rate risk). The Company has in place a risk management programme that seeks to limit adverse effects on the financial performance of the Group.

Credit risk

The Company has implemented policies that require appropriate credit checks on potential customers before sales are made. The Company continually monitors existing customer accounts and takes appropriate action where necessary to minimise any potential credit risk.

Liquidity risk

The Company retains sufficient cash and overdraft facilities to ensure it has sufficient available funds for operations and planned expansions. The Company also has access to additional funding if required from its parent company. The Company uses a combination of term loans and overdrafts to manage its working capital requirements.

Interest rate risk

The Company has interest bearing assets and interest-bearing liabilities.

Foreign exchange risk

The Company has a policy of covering forward its estimated net currency exposure on a rolling basis. These transactions are designated as hedging instruments and are deemed effective cash flow hedges and are accounted for in line with the policy for derivatives and hedge accounting detailed in note 2.

**REPORT OF THE DIRECTORS
FOR THE YEAR ENDED 31ST DECEMBER 2024**

The Directors present their report with the financial statements of the company for the year ended 31st December 2024.

Principal activity

The principal activity of the Company and the results for the period have not been presented in the Directors report as they have been presented in the Strategic Report set out on pages 2-3.

Dividends

A final dividend for 2024 has not been proposed prior to the approval of these financial statements and there is no intention to declare such a dividend.

Directors

The Directors who held office during the year and up to the date of signing these financial statements are shown on page 1 of these financial statements.

Political and charitable donations

During the financial year the Company made donations to UK registered charities of £0.00 (2023: £0.00).

Going Concern

In preparing the financial statements the Directors have had regard to the fact that the Company generated a pre-tax profit on continuing operations of £2,004,253 (2023: £1,247,981) in the financial year ended 31st December 2024. A key judgement is the appropriateness of using the going concern basis in preparing the financial statements.

The Company's Directors continue to review existing forecasts, downside scenarios and the long-term strategy of its subsidiaries. The Company's Parent has provided the Company with a letter of support. The parent is represented by two Directors on the board of Vitacress Limited and through them, the Company has confirmed that there is sufficient headroom, and that the parent would be able to provide further working capital if required.

Therefore, the Directors have formed a judgement, at the time of approving the financial statements, that there is a reasonable expectation that the Company has adequate resources to continue in business and meet its liabilities as they fall due for the foreseeable future, with the Directors reviewing the going concern assessment prepared for the period ending 30 June 2026, the going concern period.

Directors' and officers' indemnity insurance

The Company has taken out insurance to indemnify, against third party proceedings, the Directors of the Company whilst serving on the board of the Company and of any subsidiary. This cover also indemnifies those employees of the Company who serve on the boards of subsidiaries. The cover subsisted throughout the year and remains in place at the date of this report.

Employees

The Company's policy is to encourage employee involvement, thereby improving Company performance through regular meetings. Information on matters of concern to employees is given through staff newsletters, employee forums, management meetings and regular team briefings, which seek to achieve a common awareness on the part of all employees of the financial and economic factors affecting the Company's performance.

The Company gives full consideration to applications for employment from people with a disability, where the requirements of the job can be adequately fulfilled by a person with a disability. In the event of members of staff becoming disabled, every effort is made to ensure that their employment with the Company continues, and the appropriate training is arranged. It is the policy of the Company that the training, career development and promotion of a person with a disability should, as far as possible, be identical to that of a person who does not have a disability.

Statement of Directors' responsibilities

The Directors are responsible for preparing the Strategic report, Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have prepared the financial statements in accordance with UK-adopted international accounting standards. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently.
- make judgements and accounting estimates that are reasonable and prudent.
- state that the financial statements comply with IFRS.
- prepare the Financial Statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for the maintenance and integrity of the Company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Strategic Report, the Report of the Directors and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with UK-adopted international accounting standards. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

STATEMENT AS TO DISCLOSURE OF INFORMATION TO AUDITORS

So far as the directors are aware, there is no relevant audit information (as defined by Section 418 of the Companies Act 2006) of which the company's auditors are unaware, and each director has taken all the steps that he or she ought to have taken as a director in order to make himself or herself aware of any relevant audit information and to establish that the company's auditors are aware of that information.

AUDITORS

The auditors, Ernst & Young LLP, will be proposed for re-appointment at the forthcoming Annual General Meeting.

This report has been prepared in accordance with the provisions of Part 15 of the Companies Act 2006 relating to small companies.

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF VITACRESS LIMITED

Opinion

We have audited the financial statements of Vitacress Limited for the year ended 31 December 2024 which comprise of the Statement of profit and loss, the Statement of comprehensive Income, the Statement of Financial Position, the Statement of Cash flows, the Statement of changes in equity, and the related notes 1 to 30, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom adopted accounting standards.

In our opinion, the financial statements:

give a true and fair view of the company's affairs as at 31 December 2024 and of its profit for the year then ended
have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period to 30 June 2026.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the company's ability to continue as a going concern.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and

the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- the directors were not entitled to prepare the financial statements in accordance with the small companies' regime and take advantage of the small companies' exemptions in preparing the directors' report and from the requirement to prepare a strategic report.
- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF VITACRESS LIMITED Responsibilities of directors

As explained more fully in the directors' responsibilities statement set out on page 4 to 5 the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect irregularities, including fraud. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below. However, the primary responsibility for the prevention and detection of fraud rests with both those charged with governance of the entity and management.

Our approach was as follows:

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the company and determined that the most significant are UK adopted international accounting standards, and the Companies Act 2006 and the relevant direct and indirect tax compliance regulations in the United Kingdom. In addition, the company has to comply with laws and regulations relating to its operations, including, health and safety, data protection, anti-bribery and corruption.
- We understood how Vitacress Limited is complying with those frameworks by making enquiries of management to understand how the company maintains and communicates its policies and procedures in these areas and corroborated this by reviewing supporting documentation. We also reviewed correspondence with HMRC regarding tax compliance.
- We assessed the susceptibility of the Company's financial statements to material misstatement, including how fraud might occur by considering the risk of management override. We assessed appropriateness of the measurement of revenue to be a fraud risk. Our procedures to address management override involved testing journals that met specific risk criteria such as, review of journal descriptions that could indicate fraud or unusual activity, and understanding the adjustments posted around the year-end date. We have performed detailed testing of revenue mainly pertaining to management recharges, we understood the company's policy, reviewed the breakdown of these for clerical accuracy and items that have been recharged, we also tested specific transactions back to source documentation, ensuring appropriate authorisation of the transactions and inclusion in the relevant intercompany balance.

Based on this understanding we designed our audit procedures to identify noncompliance with such laws and regulations. Our procedures involved a focus on compliance with the accounting framework through obtaining sufficient audit evidence in line with the level of risk identified and with relevant legislation including tax computations and returns.

A further description of our responsibilities for the audit of the financial statements is located on the

Financial Reporting Council's website at <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

FOR THE YEAR ENDED 31ST DECEMBER 2024**

1. STATUTORY INFORMATION

Vitacress Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. ACCOUNTING POLICIES

Basis of preparation

These financial statements have been prepared in accordance with UK-adopted international accounting standards and with those parts of the Companies Act 2006 applicable to companies reporting under IAS. The financial statements have been prepared under the historical cost convention.

Going Concern

In preparing the financial statements the Directors have had regard to the fact that the Company generated a pre-tax profit on continuing operations of £2,005 (2023: £1,247) in the financial year ended 31st December 2024. A key judgement is the appropriateness of using the going concern basis in preparing the financial statements.

The Company's Directors continue to review existing forecasts, downside scenarios and the long-term strategy of its subsidiaries. The Company's Parent has provided the Company with a letter of support. The parent is represented by two Directors on the board of Vitacress Limited and through them, the Company has confirmed that there is sufficient headroom, and that the parent would be able to provide further working capital if required.

Therefore, the Directors have formed a judgement, at the time of approving the financial statements, that there is a reasonable expectation that the Company has adequate resources to continue in business and meet its liabilities as they fall due for the foreseeable future, with the Directors reviewing the going concern assessment prepared for the period ending 30 June 2026, the going concern period.

Changes in accounting policies

The following changes to IFRS accounting standards came into effect as at 1 January 2024:

- Classification of Liabilities as Current or Non-current Liabilities with Covenants - Amendments to IAS 1
- Lease Liability in a Sale and Leaseback - Amendment to IFRS 16
- Disclosures: Supplier Finance Agreements - Amendments to IAS 7 and IFRS 7

The company has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

The amendment to IAS 1 has a disclosure impact for the Company which is disclosed in note 21.

Revenue recognition

The Company provides shared services to subsidiaries in the areas of Finance, HR and IT and also manages the treasury requirements of all the UK businesses.

Operational expenses incurred centrally on behalf of the subsidiaries are recharged at a mark-up.

Cash and cash equivalents

Cash represents cash in hand and deposits held on demand with financial institutions. Cash equivalents are short-term, highly-liquid investments with original maturities of three months or less (as at their date of acquisition). Cash equivalents are readily convertible to known amounts of cash and subject to an insignificant risk of change in that cash value.

In the presentation of the Statement of Cash Flows, cash and cash equivalents also include bank overdrafts. Any such overdrafts are shown within borrowings under 'current liabilities' on the Statement of Financial Position.

Intangible assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives when the asset is brought into use. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis

VITACRESS LIMITED (REGISTERED NUMBER: 06544254)**NOTES TO THE FINANCIAL STATEMENTS - continued
FOR THE YEAR ENDED 31ST DECEMBER 2024****2. ACCOUNTING POLICIES - continued****Property, plant and equipment**

Property, plant and equipment is stated at cost less accumulated depreciation and accumulated impairment losses. Cost is defined as the purchase price, plus any additional costs incurred to bring the asset to its current location and position.

Depreciation is recognised so as to write off the cost of assets less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised within Other operating income in the income statement.

Financial assets and liabilities

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the respective financial instrument.

Financial assets are de-recognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is de-recognised when it is extinguished, discharged, cancelled or expires.

Financial assets and financial liabilities are measured initially at fair value taking into account transaction costs, except for financial assets and financial liabilities carried at fair value through profit or loss, which are measured initially at fair value.

Trade receivables

Trade receivables are recognised at amortised cost. They are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

Accounts payable

Non-interest-bearing accounts payable are stated at their nominal value.

Loans

Loans are recorded as liabilities at their amortised cost. Possible costs incurred with the issuance of these loans are recorded as deductions from the liability and recognised over the period of the loans based on the effective interest rate. Financial expenses are calculated based on the effective interest rates, including premiums payable, and are reflected in the income statement on an accruals basis.

Taxation

Current income tax is based on taxable profit for the year (which differs from the accounting profit) of the Company. The Company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the financial year.

Deferred tax is calculated using the statement of financial position method and reflects the timing differences between the carrying amounts of assets and liabilities for financial reporting and their income tax bases. Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, provided they are enacted or substantively enacted by the end of the financial year.

Deferred tax assets are recognised only when there is reasonable expectation that there will be sufficient future taxable income against which to use them. The carrying amount of deferred tax assets are reviewed at the end of each financial year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Foreign currencies

Foreign currency transactions are translated into the functional currency of the entity, using the exchange rates prevailing at the dates of the transactions (spot exchange rate). Foreign exchange gains and losses resulting from the settlement of such transactions and from the re-measurement of monetary items at year-end exchange rates are recognised in the income statement.

VITACRESS LIMITED (REGISTERED NUMBER: 06544254)**NOTES TO THE FINANCIAL STATEMENTS - continued
FOR THE YEAR ENDED 31ST DECEMBER 2024****2. ACCOUNTING POLICIES - continued****Leases**

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of any identified asset for a period of time in exchange for consideration.

The Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets

(i) Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. Refer to note 12 Company as a lessee.

If ownership of the lease asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in impairment section.

(ii) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable. In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

(iii) Determining the lease term of contracts with renewal and termination options

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

If lease contracts include extension and termination options, the Group applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation to the leased asset).

(iv) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that met the low-value exemption criteria. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Employee benefit costs

The Company provides post-employment benefits through defined contribution retirement benefit plans. Payments to defined contribution retirement benefit plans are recognised as an expense when the relevant employees have rendered service entitling them to the contributions.

Borrowing costs

Borrowing costs on loans obtained are recognised in the income statement on an accruals basis at the implicit interest rate.

VITACRESS LIMITED (REGISTERED NUMBER: 06544254)**NOTES TO THE FINANCIAL STATEMENTS - continued
FOR THE YEAR ENDED 31ST DECEMBER 2024****2. ACCOUNTING POLICIES - continued****Impairment of tangible and intangible assets other than goodwill**

Assets are assessed for impairment at each statement of financial position date and whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Whenever the book value of an asset exceeds its recoverable amount, an impairment loss is recognised in the income statement.

The recoverable amount of an asset is the higher of its net realisable value and its value in use. Net realisable value is the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable parties, less costs of sale. Value in use is the present value of future cash flows from the continued use of an asset and its sale at the end of its useful life.

Impairment losses recognised in prior years are reversed when there are indications that the impairment losses no longer exist or have decreased. The reversal of impairment losses is recorded in the income statement. However, reversal of an impairment loss is recognised up to the amount that would have been recognised (net of depreciation or amortisation) had no impairment loss been recognised for that asset in prior years.

Investments

Investments in subsidiary companies are stated at cost less any provision for impairment in value.

3. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements in applying accounting policies

The directors have concluded, at the time of approving the financial statements, that no significant judgments were necessary in the application of accounting policies. The directors remain vigilant in monitoring any underlying critical judgments that may need to be considered regarding the Company's accounting policies.

The Company's loan agreements with external lenders are subject to the following covenants:

- Net Debt to EBITDA ratio
- Equity to Assets ratio

Covenants are tested annually as at the Balance Sheet date. The Company complied with all ratios as required in the loan agreements from all relevant lenders as of the Balance Sheet date.

Prior to the balance sheet date, the Company's parent provided an additional £19.5m of funding which enabled the Company to repay its external debt and meet its covenant ratios. After the balance sheet date, the external loans were drawn down and the parent company facility repaid.

VITACRESS LIMITED (REGISTERED NUMBER: 06544254)**NOTES TO THE FINANCIAL STATEMENTS - continued
FOR THE YEAR ENDED 31ST DECEMBER 2024****23. FINANCIAL INSTRUMENTS****Financial risk management objectives**

The Company's board of Directors controls the Company's approach to financial risks and optimisation of capital, throughout the Vitacress group. The key risks are interest rate increases, foreign currency rate fluctuations, liquidity management and credit risk. The Company monitors these risks as part of its standard strategy and maintains both current and long-term projections.

The board of Directors focuses on actively securing the Company's short to medium cash flows by minimising the exposure to financial markets. The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes

The Companies risk exposure as at 31st December 2024 is detailed below with currency rate fluctuation on foreign denominated cash and interest rate risk on borrowings (note 15) being the most significant.

Capital management

The Company manages its capital to ensure that the Company will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance. The Company's overall strategy remains unchanged from 2023.

The capital structure of the Company consists of net debt (as detailed in note 18) and equity of the Company (comprising issued capital, reserves, and retained earnings as detailed in notes 18).

The Company is not subject to any externally imposed capital requirements.

The Board manages the capital of the Company by regularly reviewing internal reports such as short and medium-term cash flow forecasts and capital expenditure reports. Management use this information to assess the Company's capital availability against targets set by the parent Company and manage it in line with it's overall objectives.

Market risk - foreign currency risk management

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to fluctuating exchange rates arise. Exchange rate exposures are managed utilising forward foreign exchange contracts.

The carrying amounts of the Company's foreign currency denominated monetary liabilities at the end of the financial year are as follows:

	Asset		Liabilities	
	2024	2023	2024	2023
	£'000	£'000	£'000	£'000
Euro	1,409	1,150	(95)	(83)
USD	-	93	(33)	-
	<u>-</u>	<u>1,243</u>	<u>(128)</u>	<u>(83)</u>

Foreign currency sensitivity analysis

The Company is mainly exposed to the Euro.

The following table details the Company's sensitivity to a 5% increase and decrease in the GBP against the Euro. 5% represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 5% change in foreign currency rates. A positive number below indicates an increase in profit where the GBP strengthens 5% against the relevant currency. For a 5% weakening of the GBP against the relevant currency, there would be a comparable impact on the profit, and the balances below would reverse in sign.

	Euro impact		US Dollar impact

VITACRESS LIMITED (REGISTERED NUMBER: 06544254)**NOTES TO THE FINANCIAL STATEMENTS - continued
FOR THE YEAR ENDED 31ST DECEMBER 2024****23. FINANCIAL INSTRUMENTS - continued****Market risk - foreign currency risk management - continued**

i) This is mainly attributable to the exposure outstanding on Euro denominated receivables and payables in the Company at the end of the reporting year.

(ii) This is as a result of the changes in fair value of derivative instruments designated as hedging instruments in cash flow hedges.

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the financial year does not reflect the exposure during the year. Euro denominated purchases are seasonal, with lower volumes in the mid-quarters of the financial year, resulting in an increase in payables at the end of the financial year.

Market risk - interest rate risk management

The Company is exposed to interest rate risk through borrowing funds at floating interest rates. The Company's policy is to minimise interest rate cash flow risk exposures.

Interest rate sensitivity analysis

The following table illustrates the sensitivity of profit and equity to a reasonably possible change in interest rates of +/- 0.5% (2023: +/- 0.5%). These changes are considered reasonably possible based on observation of current market conditions. The calculations are based on change in the average market interest rate for each year, and the financial instruments held at each reporting date that are sensitive to changes in interest rates. It assumes the amount of the asset outstanding at the end of the reporting year was outstanding for the whole year. All other variables are held constant.

	+ 0.5%		- 0.5%	
	2024	2023	2024	2023
	£'000	£'000	£'000	£'000
Income statement	<u>275</u>	<u>255</u>	<u>(275)</u>	<u>(255)</u>

This is mainly attributable to the Company's exposure to interest rates on its variable rate borrowings.

Credit risk management

Credit risk refers to the risk that the counterpart will default on its contractual obligations resulting in a financial loss for the Company.

The Company oversees the groups approach to credit management including:

- (i) Defining customer credit limits, based on regular credit score reviews and customer relationship management.
- (ii) Close review and analysis of customer outstanding balances and debt settlement history.

Impairment loss on accounts receivables is calculated considering:

- (i) Customer Risk profile
- (ii) Customer specific financial position
- (iii) Company average collection statistics

The Company's customers are group subsidiaries, no impairments are recognised for the year to 31st December 2024. (2023: £nil)

Liquidity risk management

Liquidity risk is the risk that the Company cannot meet or settle its obligations on time or at a reasonable price. Due to the existence of liquidity risk, management of liquidity is performed with the objective of ensuring permanent and efficient access to funds to fulfil commitments, minimising the probability of not being able to fulfil its commitments and minimising the opportunity cost of retaining excess liquidity in the short-term.

The Company manages liquidity risk by regularly reviewing internal reports such as daily, weekly and medium-term cash flow forecasts and matching the maturity profiles of financial assets and liabilities. Management uses this information to ensure sufficient liquidity is available for the Company's day to day needs.

VITACRESS LIMITED (REGISTERED NUMBER: 06544254)**NOTES TO THE FINANCIAL STATEMENTS - continued
FOR THE YEAR ENDED 31ST DECEMBER 2024****24. DERIVATIVE FINANCIAL INSTRUMENTS**

The Company, as the holding company for the Vitacress Group, utilises and manages forward foreign exchange contracts to mitigate exchange rate risks arising from group purchases in foreign denominated currencies.

Euro and US Dollar cash requirements are monitored monthly to assess operational requirements based on expected currency purchases and supplier settlement terms. Forward contracts are then placed to cover group operational needs.

(i) All foreign exchange contracts have been designated as hedging instruments in cash flow hedges in accordance with IFRS 9.

(ii) These derivative financial instruments are recognised at fair value, at contract commencement and subsequently remeasured at FV

(iii) There is no material ineffectiveness of cash flow hedges in 2024 or in 2023.

Forward foreign exchange contracts

All forward contracts purchases for the Vitacress Group are contractually placed by the Company and detailed below. Subsidiaries effectively assume the risk and gains from hedging contracts proportional to their utilisation of hedged funds.

Fair value is measured based on the lowest level input that is significant to the fair value measurement. It is categorised in fair value hierarchy level 2 by using valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

The following table details the forward foreign currency (FC) contracts outstanding at the end of the reporting period:

The Company has entered into contracts to purchase raw materials from suppliers in Europe and the USA. The Company has entered into forward foreign exchange contracts (for terms not exceeding 6 months) to hedge the exchange rate risk arising from these anticipated future purchases, which are designated as cash flow hedges.

The movement during the year of the aggregate amount of gains and losses under forward foreign exchange contracts recognised in other comprehensive income and accumulated in the cash flow hedging reserve relating to these anticipated future purchase transactions is a loss of £189,000 (2023: loss of £72,000). It is anticipated that the purchases will take place during the first 6 months of the next financial year at which time the amount deferred in equity will be included in the carrying amount of the raw materials. It is anticipated that the raw materials will be converted into inventory and sold within 12 months after purchase, at which time the amount deferred in equity will be reclassified to the income statement.
